

1 October 1958

MEMORANDUM FOR: Chief, Intelligence School

SUBJECT : Weekly Report No. 39  
24 - 30 September 1958

Basic Supervision

1. The staff has been occupied this week with the planning and writing of new cases and lectures for the supervision courses.

Basic Management

1. The 17 students taking Basic Management #46 (GS 12-14) are evidencing enthusiasm for a number of the ideas, cases, and forms of discussion which have been introduced on an experimental basis during the current running of the course. A final evaluation of the new points in the course will have to wait for the critiques that are written at the conclusion on 3 October.

Management (Special)

1. Messrs. [ ] met on 22 September to discuss the general format for the SR Special beginning 27 October.

General

1. On Tuesday, 30 September, Messrs. [ ] met with [ ] of Management Staff to discuss in some detail a variety of ideas and problems relevant to the establishment of a special seminar for Top Management Personnel in CIA. At the present time there are considerably more problems than there are solutions but the intensification of interest and proliferation of ideas in recent weeks make us believe that the time has come to begin to press seriously towards the creation of this additional management training effort. (cf Weekly Report No. 38, Par. General 1.)

2. Miss [ ] returned to duty from annual leave on 29 September.

(OC) is also keen about a special course for 20 top men in OC.
